

Monogram™ Designer Collection x Richard T. Anuszkiewicz

Introducing the first installment of the Monogram Designer Collection, created in collaboration with renowned interior designer and Monogram Creative Director Richard T. Anuszkiewicz. Synonymous with the Monogram brand, the Designer Collection showcases two aesthetics of craft appliances to elevate the room with striking finishes, custom handles, ventilation hoods and refrigeration panels purposefully designed to reflect the elegance of our owners.

Two Aesthetics

The Brass Collection: Based on the fundamentals of classical architecture, the collection presents a bold elegant aesthetic in gold and polished hues.

The Titanium Collection: Rooted in the art of reductionism, the collection boasts a contemporary luxury aesthetic with sleek lines and dark-charcoal muted tones.

Custom Details

Refrigeration Panels: The industry's first-ever custom 96-inch high refrigeration panels stretch floor to ceiling, allowing consumers to curate their desired style aesthetic with a sophisticated and bold focal point for the kitchen.

Ventilation Hoods: Make kitchen ventilation an important part of your kitchen design without sacrificing style.

Tailored Handles: Designed to enhance tailor-made expression, both collections feature striking finishes with hardware wrapped in hand-stitched, sustainably sourced, Greenguard Gold Certified, durable leather.

Partnerships

In collaboration with Kohler's luxury brand, KALLISTA, both collections debut handles with state of the art decorative trim, with the Brass Collection complimenting KALLISTA's Unlacquered Brass and the Titanium Collection matching KALLISTA's Gunmetal.

Monogram is also partnering with the Keeler Brass Company, one of the most renowned hardware brands in the U.S., to produce the handles in its Designer Collection. The handles feature striking finishes wrapped with sustainably sourced, Greenguard Gold Certified, durable leather with state of the art decorative brass trim.

Pricing and Where to Buy

The Monogram Designer Collection x Richard T. Anuszkiewicz starts at \$1300 and is available at any Monogram dealer.

Titanium ventilation hood and refrigeration panels, as well as a faucet in KALLISTA Gunmetal finish.
