QNM Symposium

Launching the Quantum New Mexico Institute

MARCH 31-APRIL 1, 2022 • IN-PERSON & VIRTUAL*

Please join us for the Quantum New Mexico (QNM) Symposium, taking place on Thursday, March 31st - Friday, April 1st, 2022!

This event will launch the new Quantum New Mexico Institute (QNM-I), a Quantum Information Science and Technology (QIST) joint research and education institute spearheaded by UNM and Sandia that will create opportunities for workforce and economic development in New Mexico's emerging *Quantum Economy*.

The symposium also aims to build the Quantum New Mexico coalition, a statewide effort to grow New Mexico as a national hub for the rapidly growing field of QIST.

Stakeholders from research and education, government, and industry are especially encouraged to attend!
