

Mobile Photonics Lab Experience

Coming to the University of New Mexico

Who Are We?

The Thorlabs Mobile Photonics Lab offers students a hands-on experience with photonics equipment used to measure, study, and harness the power of light. Guided by current Thorlabs employees, students are introduced to key photonics concepts, gain insight into potential careers, and engage with individuals that have years of experience working in the field.

Join Us February 24-26!

Located at **Yale Mall - West of PAÍS Bldg. on UNM Main Campus**

Schedule

Tuesday 2/24 – Quantum Optics Experience, Registration Required
Wednesday 2/25 - Intro to Photonics Experience, 10 AM – 4 PM
Thursday 2/26 - Intro to Photonics Experience, 9 AM – 1 PM

Scan to register!

Optical Science & Engineering Program at UNM

is jointly administered by the optics faculty of the Departments of Physics & Astronomy and Electrical & Computer Engineering.
