

POWERING COLORADO

MAKING ENERGY WORK BETTER

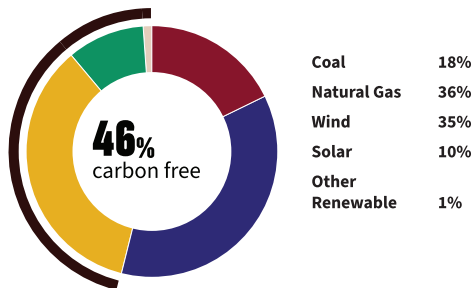

Xcel Energy powers the growth and prosperity of Colorado's communities, helping our customers thrive. We are committed to leading the clean energy transition and meeting our customers' need for reliable, resilient and increasingly clean power while keeping their bills as low as possible.

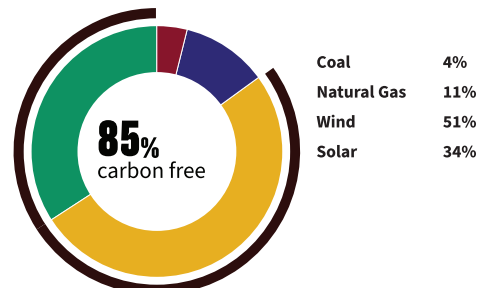

Clean energy leadership

We're the first major U.S. energy provider to set a vision for 100% carbon-free electricity and the first to expand our goals to include net-zero natural gas and carbon-free transportation.

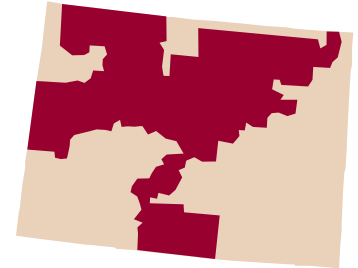

2025 Energy Mix – Colorado

2030 Projected Energy Mix – Colorado

Our Service Territory

1.6 MILLION
electric customers

1.5 MILLION
natural gas customers

99.95%
electric reliability

Energy Efficiency Programs

Electricity
Saved 444 gigawatt hours, enough to power **57,250 homes**.

Natural Gas
Saved 576,000 dekatherms, enough to serve **8,350 homes**.

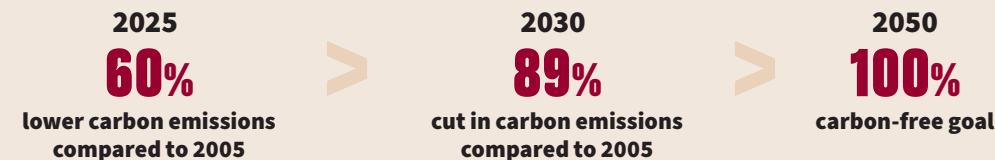

Participating Customers
Saved enough energy to avoid building **8 average-size power plants** since 1992.
